

7301

FFP3

Moulded Adjustable Maintenance Free Respirator

Main Features:

- The 7301 respirator is:
- Adjustable
 - Maintenance Free
 - Ergonomically Designed
 - Designed for a Clear Field of Vision
 - Made in South Africa

Usage:

Suitable to protect against low-to-average toxicity harmful materials in concentrations up to 20 X OEL

FFP3 respirators can provide protection against solid and liquid aerosols and smoke containing the following materials such as:

Calcium carbonate / China clay / Cement / Cellulose / Sulphur / Cotton / Flour / Carbon / Ferrous metals / Hardwood / Glass fibres / Plastic / Vegetable oils / Mineral oils / Quartz / Copper / Aluminium / Bacteria / Fungi and mycobacterium tuberculosis (T.B.)

Quality:

This product is manufactured in South Africa to stringent **SABS** requirements from the best materials available internationally.
This product is made under an ISO quality system overseen by TUV Rhineland in Cologne Germany.

Standards:

This product has been tested to conform to SANS50149:2003 and carries the SABS mark.

The main criteria for testing being:

- Filter Penetration
- Total Inward Leakage
- Flammability
- Breathing Resistance

Applications:

- Base Metal Manufacture
- Brick Manufacture
- Laboratories
- Powdered Additives
- Pharmaceutical
- Powdered Chemicals
- Sawmills
- Food Industry
- Textile industry
- Craftwork
- Iron and steel industry
- Mining
- Underground civil engineering
- Woodworking
- Welding work
- Cutting and casting of metals

Packaging

Respirators are packaged 10 in a box and 20 boxes per case i.e. 200 per case
